**DECLARATION OF LAUREN C.  
CAPURRO IN SUPPORT OF  
INDIRECT PURCHASER  
PLAINTIFFS' MOTION TO COMPEL  
JURISDICTIONAL DISCOVERY  
FROM THE IRICO DEFENDANTS**

**CONFIDENTIAL: SUBJECT TO PROTECTIVE ORDER**

1 I, Lauren C. Capurro, declare:

2 1. I am an attorney of Trump, Alioto, Trump & Prescott, LLP, Lead Counsel for the  
3 Indirect Purchaser Plaintiffs (“IPPs”) in the above-captioned action. I am a member of the Bar of  
4 the State of California and admitted to practice before this Court. I make this declaration in  
5 support of IPPs’ Motion to Compel Jurisdictional Discovery from the Irico Defendants. Except  
6 where otherwise stated, the matters set forth herein are within my personal knowledge and if  
7 called upon and sworn as a witness I could competently testify regarding them.

8 2. On March 27, 2018, IPPs served their first set of interrogatories and their first set  
9 of requests for production of documents on counsel for defendants Irico Display Devices Co.,  
10 Ltd. and Irico Group Corporation (“Irico” or “Irico defendants”). Attached hereto as **Exhibit 1** is  
11 a true and correct copy of Indirect Purchaser Plaintiffs’ First Set of Interrogatories to Irico Group  
12 Corporation and Irico Display Devices Co., Ltd. Attached hereto as **Exhibit 2** is a true and  
13 correct copy of Indirect Purchaser Plaintiffs’ First Set of Requests for Production of Documents  
14 to Irico Group Corporation and Irico Display Devices Co., Ltd.

15 3. During IPPs’ negotiations with Irico regarding jurisdictional discovery and the  
16 briefing schedule for Irico’s FSIA motion in the IPP Action, IPPs offered to withdraw almost all  
17 of their written discovery except for RFP Nos. 11 and 18 and Interrogatories Nos. 16, 17 and 18  
18 and rely instead on DPPs’ jurisdictional discovery requests. IPPs further offered to coordinate  
19 with the DPPs on all future discovery, including propounding joint written discovery requests.  
20 IPPs noted, however, that they must reserve the right to propound IPP-specific requests within  
21 any joint discovery requests. Attached hereto as **Exhibit 3** is a true and correct copy of May 21,  
22 2018 email from Lauren C. Capurro to Stuart C. Plunkett reflecting that communication.

23 4. During the meet-and-confer process, IPP counsel discussed the above-mentioned  
24 IPP-specific discovery requests with Irico’s counsel on five phone calls and made repeated  
25 written requests for Irico’s substantive responses.

26 5. Attached hereto as **Exhibit 4** is a true and correct copy of a June 5, 2018 Letter  
27 from Christopher T. Micheletti to Stuart C. Plunkett.

1           6.       Attached hereto as **Exhibit 5** is a true and correct copy of a June 22, 2018 Letter  
2 from Micheletti to Plunkett.

3           7.       Attached hereto as **Exhibit 6** is a true and correct copy of a July 25, 2018 email  
4 string between Micheletti and Plunkett.

5           8.       Attached hereto as **Exhibit 7** is a true and correct copy of a July 30, 2018 Letter  
6 from Plunkett to Micheletti.

7           9.       On August 7, 2018, Irico defendants supplemented their responses to IPPs'  
8 Interrogatories Nos. 16-18, RFP Nos. 11 and 18. Attached hereto as **Exhibit 8** is a true and  
9 correct copy of Irico Defendants' Supplemental Objections and Responses to Indirect Purchaser  
10 Plaintiffs' First Set of Interrogatories. Attached hereto as **Exhibit 9** is a true and correct copy of  
11 Irico Defendants' Supplemental Objections and Responses to Indirect Purchaser Plaintiffs' First  
12 Set of Requests for Production of Documents.

13          10.      After receiving Irico's August 7th supplementary responses, IPP counsel  
14 continued to communicate with Irico counsel, in an attempt to clarify the scope of Irico's  
15 contemplated production. In an August 30th email, Irico's counsel responded that Irico does not  
16 have information responsive to IPPs' requests. Attached hereto as **Exhibit 10** is a true and  
17 correct copy of an August 10-30, 2018 email string between Micheletti and Irico's counsel  
18 reflecting those communications.

19          11.      On an August 31st call, Irico's counsel confusingly stated at different points that  
20 they didn't have any responsive information and they were standing on their objections. Irico's  
21 counsel also refused to explain the parameters of Irico's search and did not explain whether they  
22 limited their search based on their objections.

23          12.      Attached hereto as **Exhibit 11** is a true and correct copy of a January 15, 2009  
24 email and attachments from Philip Simpkins of Pillsbury Winthrop Shaw Pittman LLP (then  
25 counsel of Irico).

26          13.      Attached hereto as **Exhibit 12** is a true and correct copy of MTPD-0543553,  
27 produced by defendant MT Picture Display Co., Ltd. in this litigation.

**--EXTERNAL EMAIL--**

Stuart:

IPPs will agree that Irico need not respond to the currently-pending IPP discovery requests, except for RFP Nos. 11 and 18, and Interrogatory Nos. 16, 17, and 18. IPPs will coordinate with the DPPs on all future discovery as required by the discovery coordination order, including propounding joint written discovery requests. IPPs believe, however, that IPP-specific issues may arise and may require IPPs to propound IPP-specific requests within those joint discovery requests. Therefore, IPPs must reserve the right to propound those IPP-specific requests. In addition, IPPs will not agree to be limited to the number of interrogatories that DPPs are entitled to under FRCP 33.

With regard to briefing your motion (which we assume you would be filing in both the DPP and IPP cases?), IPPs have conferred with the DPPs and they are unwilling to commit to a single, joint opposition brief without seeing your motion. In any event, any joint opposition could only pertain to overlapping issues. To the extent there are IPP-specific issues raised by your motion, IPPs must reserve the right to brief those separately. At this stage, and given the DPPs' position, all we can do is agree to work with the DPPs to file a single, joint opposition to Irico's jurisdictional motion regarding overlapping issues and, if page limits are not an issue, we will brief any IPP-specific issues within the single, joint opposition.

Please let us know if this is acceptable to Irico. Thank you.

Lauren,

We would agree to stipulate to the current schedule if you confirm that coordinating with the DPPs means that IPPs and DPPs will file a single, joint opposition to Irico's jurisdictional motion and IPPs will not seek discovery in addition to what DPPs seek. If you want to discuss this, please let me know. We are available Monday for a call.

Stuart,

Thank you for your letter. Since we appear to be at an impasse, we propose that we submit a joint letter brief on Tuesday with alternative proposed orders on scheduling and Tigar can pick one. We can exchange drafts of our sections around noon on Tuesday & file the letter/proposed orders at around 5pm Tuesday.

Please let us know your thoughts. Thank you.

**--EXTERNAL EMAIL--**

Chris,

We do not agree to the stipulation. IPPs chose not to contribute to the Joint CMC Statement or to appear at the CMC. As a result, Irico negotiated the schedule the Court entered only with the DPPs. Furthermore, it appears that IPPs do not intend to coordinate with the DPPs, but will instead pursue their own discovery and file their own opposition to Irico's motion. For those reasons, we cannot agree to the schedule set forth in the stipulation.

Stuart

Stuart,

I have not heard from you, so I assume today was not a good day for you or John or Eric to talk.

We understand that you are conferring with the DPPs regarding submission of a stipulation regarding briefing and discovery related to Irico's anticipated motion to dismiss based on jurisdictional grounds. We are assuming that Irico intends to contest jurisdiction in the IPP case as well. If that is not correct, please advise.

IPPs would like to be included in any stipulation entered with the DPPs that will be filed on May 1, 2018 per Judge Tigar's order. We see no reason for IPPs to be on a separate or later track, and believe it would be inefficient to go that route. Given the Tuesday deadline for submission of a stipulation (or separate proposed orders), we would like to discuss this with you on Monday.

Please let us know your availability.

Re: *In re Cathode Ray Tube (CRT) Antitrust Litigation* – MDL No. 1917,  
Master File No. 07-CV-5944-JST

Dear Stuart,

This letter shall summarize our recent meet and confer discussions regarding the Irico Defendants' (referred to collectively as "Irico") objections and responses to (1) Indirect Purchaser Plaintiffs' ("IPPs") First Set of Requests for Production of Documents ("RFPs"), and (2) IPPs' First Set of Interrogatories directed to Irico. Irico served responses thereto on May 25, 2018.

IPPs are currently coordinating their jurisdictional discovery with the Direct Purchaser Plaintiffs ("DPPs") in this matter. As part of that coordination, on May 21, 2018, IPPs advised you that Irico need not respond to IPPs' discovery requests, except for RFP Nos. 11 and 18, and Interrogatory Nos. 16, 17, and 18 ("IPPs' Requests"). We address those requests herein.<sup>1</sup>

IPPs have participated in three meet and confer telephone conferences with the DPPs and Irico regarding Irico's responses and objections to the DPPs' requests, and regarding Irico's responses to the IPPs' Requests. These calls occurred on May 29, 30 and June 1, 2018. During these calls, IPPs conveyed their views regarding the propriety of the DPPs' requests, and raised questions regarding the sufficiency of Irico's responses to IPPs' RFP Nos. 11 and 18 and Interrogatory Nos. 16, 17 and 18. Below we summarize the status of our meet and confer pertaining to the IPPs' Requests.

*Interrogatory Nos. 16, 17 and 18.* Generally, these interrogatories seek information regarding the identity of, channels of distribution, and other details regarding, the CRTs and CRT Products Irico produced, manufactured, sold, marketed and/or distributed during the class period. Irico responded to these requests with objections, and then generally referred IPPs to "Irico's responses to DPP's jurisdictional discovery . . . ." During our June 1 call, you indicated that Irico

---

<sup>1</sup> IPPs adopt the DPPs' written discovery requests served on March 5, 2018, are coordinating with the DPPs on their meet and confer on Irico's objections and responses to those discovery requests, and adopt the positions asserted by the DPPs in their meet and confer letter to you dated June 5, 2018.

may be willing to provide substantive supplemental responses to these three interrogatories. We request that you advise us this week whether Irico will provide further responses, and request that any supplemental response be provided by June 15, 2018.

*Document Request No. 11.* Generally, this document request seeks transactional detail regarding each of Irico's sales of CRTs and CRT Products, including customer names, sales terms, prices, etc. During our June 1 call, you indicated that Irico will likely provide a supplemental response indicating that Irico will produce documents responsive to this request. You indicated that Irico possesses hard copy documents of "accounting records" (approximately 100 boxes of sales invoices and other documentation) that are responsive to this request. We have several questions on this topic.

First, we inquired whether any electronic files exist reflecting the information requested in RFP No. 11. You indicated that you did not know the extent to which electronic files exist that contain sales transaction information, in summary form or otherwise. We request that you inquire of Irico and determine whether electronic files, archived or other, exist containing information responsive to Request No. 11. Second, you indicated that Irico may make the hard copy documents available to plaintiffs in China, which you estimated to be about 100 boxes. For IPPs to evaluate whether to review and/or obtain a copy of these documents, please provide a more detailed description of the contents of the 100 boxes. Given the location of the documents and their volume, IPPs believe it is reasonable for you to provide a summary index of some sort regarding what is contained in the boxes. Please also provide an estimate of the cost to scan the hard copy documents and produce them to us electronically in TIFF images, with appropriate load or unitization files and with searchable OCR text format.

*Document Request No. 18.* Generally, this document request seeks documents relating to meetings or communications between Irico and other makers of CRTs or CRT Products concerning sales, pricing, or shipments to customers in the U.S. during the class period. As we have explained, this information is relevant to issues raised by the commercial activity exception to the Foreign Sovereign Immunities Act ("FSIA"). Judge Tigar's Order Setting Aside Default (ECF No. 5240) held that actions of setting prices and setting manufacturing schedules constitute commercial activity. ECF No. 5240 at 9. Judge Tigar also held that anticompetitive behavior by the Irico defendants, as part of a broader conspiracy that affected prices of the product at issue in the U.S., support a finding that Irico's commercial activities had a direct affect in the U.S. *Id.* at 9-11. As a result, RFP No. 18 seeks information directly relevant to whether Irico's commercial activity of pricing, selling and shipping CRTs or CRT Products, particularly within the broader CRT conspiracy, had a direct effect in the U.S. *See also Sea Breeze Salt, Inc. v. Mitsubishi Corp.*, No. CV162345DMGAGRX, 2016 WL 8648638, at \*3 (C.D. Cal. Aug. 18, 2016) ("ESSA's alleged price-fixing and granting of exclusive rights to Mitsubishi leads to less variety in the U.S. salt market, as well as less competition and higher prices for United States consumers. . . . This satisfies the requirement for 'direct effects in the United States.'" (quotations omitted)). In light of the foregoing, IPPs request that Irico reconsider its position and produce all documents responsive to this request.

Relatedly, IPPs also request that Irico confirm whether or not it has in its possession documents responsive to RFP No. 18. IPPs are considering filing a motion to compel production

of documents responsive to RFP No. 18, but do not want to litigate a motion over documents that may not exist. Accordingly, IPPs request that Irico advise whether—apart from the 100 boxes of accounting records described above—it possess documents responsive to this request, provide a general description of the types of documents (e.g., emails, memoranda, other) and provide the approximate quantity of such documents. We request that Irico provide this information by no later than June 15, 2018.

Thank you for your cooperation.

Re: *In re Cathode Ray Tube (CRT) Antitrust Litigation* – MDL No. 1917,  
Master File No. 07-CV-5944-JST

Dear Stuart,

This letter follows up on our June 5, 2018 letter to you regarding our meet and confer discussions regarding the Irico Defendants' (referred to collectively as "Irico") May 25, 2018 objections and responses to (1) Indirect Purchaser Plaintiffs' ("IPPs") First Set of Requests for Production of Documents ("RFPs"), and (2) IPPs' First Set of Interrogatories directed to Irico.

IPPs continue to coordinate their jurisdictional discovery with the Direct Purchaser Plaintiffs ("DPPs") in this matter. As part of that coordination, by their June 5, 2018 letter, IPPs raised questions and issues regarding Irico's responses to IPPs' RFP Nos. 11 and 18, and Interrogatory Nos. 16, 17, and 18. We follow up on those requests herein.<sup>1</sup>

*Interrogatory Nos. 16, 17 and 18.* During our June 1, 2018 call, you indicated that Irico may be willing to provide substantive supplemental responses to these three interrogatories. By our June 5 letter, we requested that you advise us by June 8 whether Irico will provide further responses, and that any supplemental response be provided by June 15, 2018. To date, you have provided no response to the foregoing. If Irico does not intend to supplement those responses, please advise us immediately. If Irico intends to supplement those responses, please provide the supplemental responses immediately.

*Document Request No. 11.* During our June 1 call, you indicated that Irico will likely provide a supplemental response indicating that Irico will produce documents responsive to this request, and that Irico possesses hard copy documents of "accounting records" that are responsive to this request. We requested that the following information be provided by June 15:

---

<sup>1</sup> IPPs adopted the DPPs' written discovery requests served on March 5, 2018, and adopt the positions asserted by the DPPs in their follow up meet and confer letter to you dated June 21, 2018.

Stuart C. Plunkett

June 22, 2018

Page 2

- We requested that you inquire of Irico and determine whether electronic files, archived or other, exist containing information responsive to Request No. 11.
- We requested a more detailed description of the contents of the 100 boxes of documents that you indicated Irico may make available for production, including, for example, a summary index of some sort regarding what is contained in the boxes.
- We requested an estimate of the cost to scan the hard copy documents and produce them to us electronically in TIFF images, with appropriate load or unitization files and with searchable OCR text format.

With respect to RFP No. 18, we substantiated that RFP No. 18 seeks information directly relevant to whether Irico's commercial activity of pricing, selling and shipping CRTs or CRT Products, particularly within the broader CRT conspiracy, had a direct effect in the U.S. Based on that showing, we made the following requests:

- We requested that Irico reconsider its refusal to produce all documents responsive to this request.
- We requested that Irico confirm whether or not it has in its possession documents responsive to RFP No. 18, as IPPs are considering filing a motion to compel production of documents responsive to RFP No. 18, but do not want to litigate a motion over documents that may not exist.
- We requested that Irico advise whether—apart from the 100 boxes of accounting records described above—it possess documents responsive to RFP No. 18, provide a general description of the types of documents (e.g., emails, memoranda, other) and provide the approximate quantity of such documents.

To date, you have provided no response to these requests. Please provide responses to the foregoing questions/requests immediately.

Best regards,

Chris,

Your timeline here is quite misleading since motions were pending concerning IPPs' right to pursue jurisdictional discovery at all. But we agree with getting these matters resolved, which is why Monday I asked to schedule a meet and confer. I now understand that you want to see a letter before we have a discussion. So we will do that, but not necessarily on your timeline.

Regards,

Stuart

Stuart,

Our letters of June 5 and 22 made multiple specific written requests to you and your clients. You ignored them for 55 days and now want to have a further call. That is unacceptable.

Please provide by COB tomorrow a written response providing the information requested in the letters. We need to have answers to our questions, and clear, written commitments on what Irico is willing to do on each request at issue to avoid motion practice. In the absence of a satisfactory response, we will proceed with a motion to compel.

Best regards,

Chris

Dear Stuart,

Our letters to you of June 5, 2018 and June 22, 2018 have gone unanswered. We assume, based on Irico's non-response, that Irico has no intention of providing fulsome responses to the interrogatories at issue, of producing documents requested by the requests for production at issue, or providing the other information requested in that correspondence. Please be advised that we consider these discovery disputes to be at issue and intend to proceed with a motion to compel before Judge Walker.

Master File No. 3:07-cv05944-SC; MDL No. 1917

Dear Chris:

I write to respond to the outstanding meet and confer issues concerning IPPs' interrogatories and document requests directed to Irico. Your correspondence indicates that IPPs seek supplemental responses to Interrogatory Nos. 16, 17, and 18 and Document Request Nos. 11 and 18.

Interrogatory Nos. 16 & 17. We agree to supplement these interrogatory responses by August 7. Irico will provide annual sales by type and size of CRTs by the Irico Defendants from 1995 to 2007. Once you have had an opportunity to review our supplemental responses, we are willing to meet and confer if IPPs believe they have a legitimate need for additional information for purposes of jurisdictional discovery.

Interrogatory No. 18. We agree to supplement this interrogatory response by August 7 to identify the sales information we will produce or make available.

Document Request No. 11. We agree to supplement our response by August 7 to identify the sales information we will produce or make available for inspection.

Document Request No. 18. Irico stands on its objections to this request. We note that this topic is the subject of a pending motion to compel filed by the DPPs.

1 Pursuant to Federal Rules of Civil Procedure 26 and 33, Irico Group Corporation and Irico  
2 Display Devices Co, Ltd. (collectively, “Irico” or “Irico Defendants”) hereby respond to the  
3 Indirect Purchaser Plaintiffs’ (“Plaintiff”) First Set of Interrogatories (“Interrogatories”). Irico  
4 reserves the right to amend or supplement these Objections and Responses (the “Responses”) to  
5 the extent allowed by the Federal Rules of Civil Procedure and the Local Rules of Practice in  
6 Civil Proceedings before the United States District Court for the Northern District of California  
7 (“Local Rules”). Subject to and without waiving any of Irico’s General and Specific Objections as  
8 set forth below, Irico is willing to meet and confer with Plaintiff regarding such General and  
9 Specific Objections.

10 The following Responses are made only for purposes of this case. The Responses are  
11 subject to all objections as to relevance, materiality and admissibility, and to any and all  
12 objections on any ground that would require exclusion of any response if it were introduced in  
13 court. All evidentiary objections and grounds are expressly reserved.

14 These Responses are subject to the provisions of the Stipulated Protective Order that the  
15 Court issued on June 18, 2008 (“Protective Order”). Irico’s Responses are hereby designated  
16 “Confidential” in accordance with the provisions of the Protective Order.

### 17 **GENERAL OBJECTIONS**

18 Irico makes the following General Objections to Plaintiff’s Interrogatories:

19 1. Irico’s Responses are based upon information available to and located by Irico as  
20 of the date of service of these Responses. In responding to Plaintiff’s Interrogatories, Irico states  
21 that it has conducted, or will conduct, a diligent search, reasonable in scope, of those files and  
22 records in its possession, custody, or control believed to likely contain information responsive to  
23 Plaintiff’s Interrogatories.

24 2. No express, incidental, or implied admissions are intended by these Responses and  
25 should not be read or construed as such.

26 3. Irico does not intend, and its Responses should not be construed as, an agreement  
27 or acquiescence with any characterization of fact, assumption, or conclusion of law contained in  
28 or implied by the Interrogatories.

1           4.       To the extent that Irico responds to Plaintiff's Interrogatories by stating that Irico  
2 will produce or make available for examination responsive information or documents, Irico does  
3 not represent that any such information or documents exist. Irico will make a good faith and  
4 reasonable attempt to ascertain whether information responsive to Plaintiff's Interrogatories exists  
5 and is properly producible, and will produce or make available for examination non-privileged  
6 responsive materials to the extent any are located during the course of a reasonable search.

7           5.       Irico objects to Plaintiff's Interrogatories to the extent that they are overly broad,  
8 unduly burdensome, oppressive, and duplicative to the extent that they seek information or  
9 documents that are already in the possession, custody, or control of Plaintiff.

10          6.       Irico objects to Plaintiff's Interrogatories to the extent that they seek to impose  
11 obligations on Irico beyond those of the Federal Rules of Civil Procedure, the Local Rules, or any  
12 Order of this Court.

13          7.       Irico objects to Plaintiff's Interrogatories to the extent they seek information that is  
14 not relevant to jurisdictional issues or disproportionate to the needs of the case in resolving such  
15 jurisdictional issues.

16          8.       Irico objects to Plaintiff's Interrogatories to the extent that they are vague,  
17 ambiguous, or susceptible to more than one interpretation. Irico shall attempt to construe such  
18 vague or ambiguous Interrogatories so as to provide for the production of responsive information  
19 that is proportionate to the needs of the case. If Plaintiff subsequently asserts an interpretation of  
20 any Interrogatory that differs from Irico's understanding, Irico reserves the right to supplement or  
21 amend its Responses.

22          9.       Irico objects to Plaintiff's Interrogatories to the extent that they contain terms that  
23 are insufficiently or imprecisely defined. Irico shall attempt to construe such vague or ambiguous  
24 Interrogatories so as to provide for the production of responsive information that is proportionate  
25 to the needs of the case.

26          10.       Irico objects to Plaintiff's Interrogatories to the extent that they seek information  
27 that is protected from disclosure by the attorney-client privilege, work product doctrine, joint  
28 defense or common interest privilege, self-evaluative privilege, or any other applicable privilege

1 or immunity. Irico will provide only information that it believes to be non-privileged and  
2 otherwise properly discoverable. None of Irico's responses is intended nor should be construed as  
3 a waiver of any such privilege or immunity. The inadvertent or mistaken provision of any  
4 information or responsive documents subject to any such doctrine, privilege, protection or  
5 immunity from production shall not constitute a general, inadvertent, implicit, subject-matter,  
6 separate, independent or other waiver of such doctrine, privilege, protection or immunity from  
7 production.

8 11. Irico objects to Plaintiff's Interrogatories to the extent that they call for  
9 information that is not in the possession, custody, or control of Irico. Irico also objects to the  
10 extent that any of Plaintiff's Interrogatories seek information from non-parties or third parties,  
11 including but not limited to any of Irico's subsidiary or affiliated companies.

12 12. Irico objects to Plaintiff's Interrogatories to the extent that responding would  
13 require Irico to violate the privacy and/or confidentiality of a third party or confidentiality  
14 agreement with a third party.

15 13. Irico objects to Plaintiff's Interrogatories to the extent that they seek information  
16 that is publicly available, already in Plaintiffs' possession, custody, or control, or more readily  
17 available from other sources.

18 14. Irico objects to Plaintiff's Interrogatories to the extent that they seek information  
19 or documents concerning transactions outside the United States. Such Interrogatories are unduly  
20 burdensome and irrelevant because they do not relate to actions by Irico in or causing a direct  
21 effect in the United States. Such Interrogatories are also unduly burdensome and irrelevant to this  
22 pending action as Plaintiffs' class definition is confined to "individuals and entities that indirectly  
23 purchased Cathode Ray Tube Products . . . in the United States" (see Indirect Purchaser Plaintiffs'  
24 Fourth Consolidated Amended Complaint).

25 15. Irico objects to Plaintiff's Interrogatories to the extent that compliance would  
26 require Irico to violate the laws, regulations, procedures, or orders of a judicial or regulatory body  
27 of foreign jurisdictions.  
28

1           16.     Irico's responses, whether now or in the future, pursuant to Plaintiff's  
2 Interrogatories should not be construed as either (i) a waiver of any of Irico's general or specific  
3 objections or (ii) an admission that such information or documents are either relevant or  
4 admissible as evidence.

5           17.     Irico objects to Plaintiff's Interrogatories to the extent that compliance would  
6 require Irico to seek information stored on backup or archived databases or other systems that are  
7 not readily accessible or otherwise no longer active.

8           18.     Irico objects to Plaintiff's Interrogatories to the extent that they are compound  
9 and/or contain discrete subparts in violation of Federal Rule of Civil Procedure 33(a)(1).

10          19.     Irico objects to Plaintiff's Interrogatories to the extent that they state and/or call for  
11 legal conclusions.

12          20.     Irico objects to the Interrogatories to the extent that they contain express or  
13 implied assumptions of fact or law with respect to the matters at issue in this case.

14          21.     Irico objects that Plaintiff's Interrogatories are irrelevant and premature because  
15 the Court has not set a schedule for jurisdictional discovery or briefing that applies to Plaintiff.

16          22.     Irico reserves the right to assert additional General and Specific Objections as  
17 appropriate to supplement these Responses.

18                 These General Objections apply to each Interrogatory as though restated in full in the  
19 responses thereto. The failure to mention any of the foregoing General Objections in the specific  
20 responses set forth below shall not be deemed as a waiver of such objections or limitations.

21                   **GENERAL OBJECTIONS TO DEFINITIONS AND INSTRUCTIONS**

22           1.     Irico objects to the definitions of "You" and "Your" (Definition No. 1) to the  
23 extent that Plaintiff defines those terms to include the Irico's "present and former members,  
24 officer, agents, employees, and all other persons acting or purporting to act on their behalf." This  
25 definition is legally incorrect, overbroad, unduly burdensome, vague, and ambiguous. Irico also  
26 objects to the inclusion of "all present and former directors, officers, Employees, agents,  
27 representatives or any Persons acting or purporting to act on behalf of" Irico within this definition  
28 to the extent it purports to encompass information that is protected by attorney-client privilege,

1 work product protection or any other applicable doctrine, privilege, protection or immunity or  
2 otherwise calls for a legal conclusion.

3 2. Irico objects to the definition of “Document” (Definition No. 8) to the extent it  
4 seeks to impose requirements that are beyond those imposed by the Federal Rules of Civil  
5 Procedure, the Local Rules, or any other applicable laws.

6 3. Irico objects to the definition of “Employee” (Definition No. 9) on the grounds  
7 that it calls for a legal conclusion and is otherwise vague, ambiguous, and overly broad. Irico  
8 further objects to this definition to the extent that it attempts to impose burdens on Irico beyond  
9 those imposed by the Federal Rules of Civil Procedure. Irico further objects to this definition to  
10 the extent that it seeks information protected by the attorney client or other applicable privilege,  
11 attorney work product doctrine, or otherwise seeks to violate rights of privacy under U.S. or  
12 foreign law.

13 4. Irico objects to the definitions of “CRT” and “CRT Products” (Definitions No. 6  
14 and 7) on the grounds that they are vague, ambiguous and overly broad. Irico further objects to  
15 the use of the term “CRT Products” to the extent that it is inconsistent with the definition of  
16 “CRT Products” as set forth in Plaintiff’s pleadings.

17 5. Irico objects to Instruction No. 1 (related to identification of persons) to the extent  
18 that it purports to impose burdens or obligations broader than, inconsistent with, or not authorized  
19 under the Federal Rules of Civil Procedure, including, without limiting the generality of the  
20 foregoing, Rule 26(b)(5)(A) and Rule 26(e)(1). Irico further objects to this Instruction to the  
21 extent that it purports to impose burdens or obligations broader than, inconsistent with, or not  
22 authorized under, the Local Rules and any orders of the Court, and on the grounds that it is vague,  
23 ambiguous, and inconsistent with common usage. Irico further objects to this Instruction to the  
24 extent it seeks information that would disclose personal confidential information and/or violate  
25 any and all rights of privacy under the United States Constitution or Article I of the Constitution  
26 of the State of California, or any other applicable law or state constitution, or that is otherwise  
27 prohibited from disclosure because to do so would cause Irico to violate legal and/or contractual  
28 obligations to any other persons or entities.

6. Irico objects to Instruction No. 2 (related to identification of an entity other than a natural person) to the extent that it purports to impose burdens or obligations broader than, inconsistent with, or not authorized under the Federal Rules of Civil Procedure or other applicable rule or Order of this Court.

7. Irico objects to Instruction No. 3 (related to the production of business records in response to an interrogatory pursuant to Federal Rule of Civil Procedure 33(d)) on the grounds that it is unduly burdensome and purports to impose burdens and obligations upon Irico beyond those required by the Federal Rules of Civil Procedure or other applicable rule or Order of this Court.

### **SPECIFIC RESPONSES TO INTERROGATORIES**

#### **INTERROGATORY NO. 16**

Identify the CRTs and/or CRT Products that you manufactured or produced for each month during the Class Period, including the brand name, product number, and intended use.

#### **RESPONSE TO INTERROGATORY NO. 16**

Irico reasserts and incorporates each of the General Objections and Objections to the Definitions and Instructions set forth above. Irico further objects that this interrogatory is irrelevant and premature because the Court has not set a schedule for jurisdictional discovery or briefing that applies to Plaintiff. Irico further objects that this interrogatory seeks information beyond the scope of what is relevant to resolving jurisdictional issues and beyond that authorized under the Court's April 25, 2018 Order Denying Plaintiffs' Motion to Compel. Irico also objects that this interrogatory is overbroad, unduly burdensome, and disproportionate to the needs of the case in resolving jurisdictional issues. Irico also objects to this interrogatory as overbroad as to the time period called for; the only relevant inquiry is Irico's status as of November 26, 2007.

Irigo Group Corporation

25 SET NO.:

One

Pursuant to Federal Rules of Civil Procedure 26 and 34, Irico Group Corporation and Irico Display Devices Co, Ltd. (collectively, “Irico” or “Irico Defendants”) hereby responds to the Indirect Purchaser Plaintiffs’ (“Plaintiff”) First Set of Requests for Production of Documents (“Requests”). Irico reserves the right to amend or supplement these Objections and Responses (the “Responses”) to the extent allowed by the Federal Rules of Civil Procedure and the Local Rules of Practice in Civil Proceedings before the United States District Court for the Northern District of California (“Local Rules”). Subject to and without waiving any of Irico’s General and Specific Objections as set forth below, Irico is willing to meet and confer with Plaintiff regarding such General and Specific Objections.

The following Responses are made only for purposes of this case. The Responses are subject to all objections as to relevance, materiality and admissibility, and to any and all objections on any ground that would require exclusion of any response if it were introduced in court. All evidentiary objections and grounds are expressly reserved.

These Responses are subject to the provisions of the Stipulated Protective Order that the Court issued on June 18, 2008 (“Protective Order”). Irico’s Responses are hereby designated “Confidential” in accordance with the provisions of the Protective Order.

### **GENERAL OBJECTIONS**

Irico makes the following General Objections to Plaintiff’s Requests:

1. Irico’s Responses are based upon information available to and located by Irico as of the date of service of these Responses. In responding to Plaintiff’s Requests, Irico states that it has conducted, or will conduct, a diligent search, reasonable in scope, of those files and records in its possession, custody, or control believed to likely contain information responsive to Plaintiff’s Requests.

2. No express, incidental, or implied admissions are intended by these Responses and should not be read or construed as such.

3. Irico does not intend, and its Responses should not be construed as, an agreement or acquiescence with any characterization of fact, assumption, or conclusion of law contained in or implied by the Requests.

1           4.       To the extent that Irico responds to Plaintiff's Requests by stating that Irico will  
2 produce or make available for examination responsive information or documents, Irico does not  
3 represent that any such information or documents exist. Irico will make a good faith and  
4 reasonable attempt to ascertain whether information responsive to Plaintiff's Requests exists and  
5 is properly producible, and will produce or make available for examination non-privileged  
6 responsive materials to the extent any are located during the course of a reasonable search.

7           5.       Irico objects to Plaintiff's Requests to the extent that they are overly broad, unduly  
8 burdensome, oppressive, and duplicative to the extent that they seek information or documents  
9 that are already in the possession, custody, or control of Plaintiff.

10          6.       Irico objects to Plaintiff's Requests to the extent that they seek to impose  
11 obligations on Irico beyond those of the Federal Rules of Civil Procedure, the Local Rules, or any  
12 Order of this Court.

13          7.       Irico objects to Plaintiff's Requests to the extent they seek information or  
14 documents that are not relevant to jurisdictional issues or disproportionate to the needs of the case  
15 in resolving such jurisdictional issues.

16          8.       Irico objects to Plaintiff's Requests to the extent that they are vague, ambiguous,  
17 or susceptible to more than one interpretation. Irico shall attempt to construe such vague or  
18 ambiguous Requests so as to provide for the production of responsive information or documents  
19 that are proportionate to the needs of the case. If Plaintiff subsequently asserts an interpretation of  
20 any Request that differs from Irico's understanding, Irico reserves the right to supplement or  
21 amend its Responses.

22          9.       Irico objects to Plaintiff's Requests to the extent that they contain terms that are  
23 insufficiently or imprecisely defined. Irico shall attempt to construe such vague or ambiguous  
24 Requests so as to provide for the production of responsive information or documents that are  
25 proportionate to the needs of the case.

26          10.       Irico objects to Plaintiff's Requests to the extent that they seek information or  
27 documents that are protected from disclosure by the attorney-client privilege, work product  
28 doctrine, joint defense or common interest privilege, self-evaluative privilege, or any other

1 applicable privilege or immunity. Irico will provide only information that it believes to be non-  
2 privileged and otherwise properly discoverable. None of Irico's responses is intended nor should  
3 be construed as a waiver of any such privilege or immunity. The inadvertent or mistaken  
4 provision of any information or responsive documents subject to any such doctrine, privilege,  
5 protection or immunity from production shall not constitute a general, inadvertent, implicit,  
6 subject-matter, separate, independent or other waiver of such doctrine, privilege, protection or  
7 immunity from production.

8 11. Irico objects to Plaintiff's Requests to the extent that they call for information or  
9 documents that are not in the possession, custody, or control of Irico. Irico also objects to the  
10 extent that any of Plaintiff's Requests seek information from non-parties or third parties,  
11 including but not limited to any of Irico's subsidiary or affiliated companies.

12 12. Irico objects to Plaintiff's Requests to the extent that responding would require  
13 Irico to violate the privacy and/or confidentiality of a third party or confidentiality agreement  
14 with a third party.

15 13. Irico objects to Plaintiff's Requests to the extent that they seek information or  
16 documents that are publicly available, already in Plaintiffs' possession, custody, or control, or  
17 more readily available from other sources.

18 14. Irico objects to Plaintiff's Requests to the extent that they seek information or  
19 documents concerning transactions outside the United States. Such Requests are unduly  
20 burdensome and irrelevant because they do not relate to actions by Irico in or causing a direct  
21 effect in the United States. Such Requests are also unduly burdensome and irrelevant to this  
22 pending action as Plaintiffs' class definition is confined to "individuals and entities that indirectly  
23 purchased Cathode Ray Tube Products . . . in the United States" (see Indirect Purchaser Plaintiffs'  
24 Fourth Consolidated Amended Complaint).

25 15. Irico objects to Plaintiff's Requests to the extent that compliance would require  
26 Irico to violate the laws, regulations, procedures, or orders of a judicial or regulatory body of  
27 foreign jurisdictions.  
28

1           16.     Irico's responses, whether now or in the future, pursuant to Plaintiff's Requests  
2 should not be construed as either (i) a waiver of any of Irico's general or specific objections or (ii)  
3 an admission that such information or documents are either relevant or admissible as evidence.

4           17.     Irico objects to Plaintiff's Requests to the extent that compliance would require  
5 Irico to seek information or documents stored on backup or archived databases or other systems  
6 that are not readily accessible or otherwise no longer active.

7           18.     Irico objects to Plaintiff's Requests to the extent that they state and/or call for legal  
8 conclusions.

9           19.     Irico objects to the Requests to the extent that they contain express or implied  
10 assumptions of fact or law with respect to the matters at issue in this case.

11           20.     Irico objects to the Requests to the extent they seek documents that cannot be  
12 removed or transmitted outside China without violating the laws and regulations of that country,  
13 including but not limited to restrictions on the transmission of state secrets or trade secrets as  
14 those terms are defined under Chinese law.

15           21.     Irico objects that Plaintiff's Requests are irrelevant and premature because the  
16 Court has not set a schedule for jurisdictional discovery or briefing that applies to Plaintiff.

17           22.     Irico reserves the right to assert additional General and Specific Objections as  
18 appropriate to supplement these Responses.

19           These General Objections apply to each Request as though restated in full in the responses  
20 thereto. The failure to mention any of the foregoing General Objections in the specific responses  
21 set forth below shall not be deemed as a waiver of such objections or limitations.

22           **GENERAL OBJECTIONS TO DEFINITIONS AND INSTRUCTIONS**

23           1.     Irico objects to the definition of "Communication" (Definition No. 6) on the  
24 grounds that it is vague, ambiguous, and overly broad. Irico further objects to this definition to the  
25 extent that it attempts to impose burdens on Irico beyond those imposed by the Federal Rules of  
26 Civil Procedure.

27           2.     Irico objects to the definition of "Document" (Definition No. 10) to the extent it  
28 seeks to impose requirements that are beyond those imposed by the Federal Rules of Civil

1 Procedure, the Local Rules, or any other applicable laws.

2 3. Irico objects to the definition of “Employee” (Definition No. 11) on the grounds  
3 that it calls for a legal conclusion and is otherwise vague, ambiguous, and overly broad. Irico  
4 further objects to this definition to the extent that it attempts to impose burdens on Irico beyond  
5 those imposed by the Federal Rules of Civil Procedure. Irico further objects to this definition to  
6 the extent that it seeks information protected by the attorney client or other applicable privilege,  
7 attorney work product doctrine, or otherwise seeks to violate rights of privacy under U.S. or  
8 foreign law.

9 4. Irico objects to the definitions of “concerning,” “concerns,” “relate,” and  
10 “relating” (Definitions No. 7 and 14) to the extent that such terms seek the discovery of  
11 information or documents that are disproportionate to the needs of the case in determining  
12 jurisdictional issues. Irico further objects to these terms to the extent that they seek to improperly  
13 expand the scope of information or documents relevant to the issues set forth in Plaintiff’s  
14 pleadings. Irico also objects to these definitions because responding to such vague, overly broad,  
15 and ambiguous Requests would be unduly burdensome.

16 5. Irico objects to the definitions of “You” and “your” (Definition No. 1) to the extent  
17 that Plaintiff defines those terms to include the Irico’s “present and former members, officer,  
18 agents, employees, and all other persons acting or purporting to act on their behalf.” This  
19 definition is legally incorrect, overbroad, unduly burdensome, vague, and ambiguous. Irico also  
20 objects to the inclusion of “all present and former directors, officers, Employees, agents,  
21 representatives or any Persons acting or purporting to act on behalf of” Irico within this definition  
22 to the extent it purports to encompass information or documents that are protected by attorney-  
23 client privilege, work product protection or any other applicable doctrine, privilege, protection or  
24 immunity or otherwise calls for a legal conclusion.

25 6. Irico objects to the definitions of “CRT” and “CRT Products” (Definitions No. 8  
26 and 9) on the grounds that they are vague, ambiguous and overly broad.

27 7. Irico objects to Instruction No. 1 as overly broad and unduly burdensome on the  
28 grounds that it encompasses time periods outside of those relevant for resolving jurisdictional

1 issues.

2 8. Irico objects to each and every Instruction to the extent that it purports to impose  
3 burdens or obligations broader than, inconsistent with, or not authorized under the Federal Rules  
4 of Civil Procedure or other applicable rule or Order of this Court.

5 **SPECIFIC RESPONSES TO REQUESTS FOR PRODUCTION**

6 **REQUEST NO. 11**

7 Documents sufficient to identify each of your sales of CRTs and/or CRT Products during  
8 the Class Period, as well as the following information for each CRT or CRT Product involved in  
9 each sale:

- 10 (a) customer names, customer billing addresses, and customer ship-to addresses;
- 11 (b) a description sufficient to identify the type of customer involved (e.g., OEM,  
12 ODM, AIB manufacturer, distributor or retailer).
- 13 (c) the sales terms;
- 14 (d) sales dates and shipment dates;
- 15 (e) product type, class, category, description, and respective use;
- 16 (f) sales volumes;
- 17 (g) unit price information, gross price, and actual net prices;
- 18 (h) discounts, credits, and rebates;
- 19 (i) shipping charges and terms;
- 20 (j) any other related charges; and
- 21 (k) amounts paid, dates paid, invoice numbers, and purchase order numbers. If such  
22 information is not kept, or has not been kept, in electronic form in the ordinary  
23 course of your business or are otherwise not available in electronic form, please  
24 produce such information in hard copy.

25 **RESPONSE TO REQUEST NO. 11**

26 Irico reasserts and incorporates each of the General Objections and Objections to the  
27 Definitions and Instructions set forth above. Irico further objects that this request is irrelevant  
28 and premature because the Court has not set a schedule for jurisdictional discovery or briefing

1 that applies to Plaintiff. Irico further objects that this request seeks information beyond the scope  
 2 of what is relevant to resolving jurisdictional issues and beyond that authorized under the Court's  
 3 April 25, 2018 Order Denying Plaintiffs' Motion to Compel. Irico also objects that this request is  
 4 overbroad, unduly burdensome, and disproportionate to the needs of the case in resolving  
 5 jurisdictional issues. Irico also objects to this request as overbroad as to the time period called  
 6 for; the only relevant inquiry is Irico's status as of November 26, 2007.

7 Subject to and without waiving the objections stated above, Irico refers Plaintiff to Irico's  
 8 responses to DPP's jurisdictional discovery, which were served on Plaintiff on May 4, 2018.

#### 9 **SUPPLEMENTAL RESPONSE TO REQUEST NO. 11**

10 Pursuant to the Special Master's August 2, 2018 order (Dkt. No. 5320), but subject to and  
 11 without waiving the objections stated above, Irico will produce or make available for inspection  
 12 non-privileged documents, if any, related to the sale or pricing of CRTs in the United States  
 13 during the Class Period by any party whether related or not, including Irico Electronics, Xian  
 14 Irico Display Technology Co, Ltd and Caihong Co, and any other entity that exported Irico's  
 15 CRT products into the United States. Irico will provide a summary description of any documents  
 16 it makes available for inspection.

#### 17 **REQUEST NO. 18**

18 All documents relating to any meetings or communications between you and any other  
 19 manufacturer of CRTs or CRT Products during which there was any discussion concerning any  
 20 sales, contemplated sales, pricing, or shipments to customers in the United States during the Class  
 21 Period.

#### 22 **RESPONSE TO REQUEST NO. 18**

23 Irico reasserts and incorporates each of the General Objections and Objections to the  
 24 Definitions and Instructions set forth above. Irico further objects that this request is irrelevant  
 25 and premature because the Court has not set a schedule for jurisdictional discovery or briefing  
 26 that applies to Plaintiff. Irico further objects that this request seeks information beyond the scope  
 27 of what is relevant to resolving jurisdictional issues and beyond that authorized under the Court's  
 28 April 25, 2018 Order Denying Plaintiffs' Motion to Compel. Irico also objects that this request is

1 overbroad, unduly burdensome, and disproportionate to the needs of the case in resolving  
 2 jurisdictional issues. Irico also objects to this request on the grounds that identification of “all  
 3 documents relating to” is overbroad, unduly burdensome, and disproportionate to the needs of the  
 4 case. Irico also objects to this request as overbroad as to the time period called for; the only  
 5 relevant inquiry is Irico’s status as of November 26, 2007.

6 Subject to and without waiving the objections stated above, Irico refers Plaintiff to Irico’s  
 7 responses to DPP’s jurisdictional discovery, which were served on Plaintiff on May 4, 2018.

8 **SUPPLEMENTAL RESPONSE TO REQUEST NO. 18**

9 Subject to and without waiving the objections stated above and pursuant to the Special  
 10 Master’s August 2, 2018 order (Dkt. No. 5320) regarding Direct Purchaser Plaintiffs’ motion to  
 11 compel, Irico will produce or make available for inspection any responsive, non-privileged  
 12 documents related to the twenty-six meetings identified in Exhibit 11 to the Declaration of R.  
 13 Alexander Saveri dated January 11, 2018. Irico will provide a summary description of any  
 14 documents it makes available for inspection.

Chris,

We think we have valid objections to these requests, but we are in the process of determining whether Irico even has the information you are requesting. We are not able to confirm that today but expect to be able to do that early next week.

Regards,

Stuart

Erik, Stuart,

Thank you for the response.

Irigo's supplementary response to Interrogatory No. 18 suggests that it will only provide information relating to sales of Irigo's CRTs to foreign entities that exported CRTs to the United States. We believe that Irigo's CRTs entered the U.S. via Irigo's customers which manufactured CRT televisions and computer monitors and then sold them to the U.S. A fully responsive narrative to Interrogatory No. 18 would include information regarding Irigo's sales to OEM customers which incorporated Irigo's CRTs into televisions or monitors for sale in the United States. It is unclear whether the "narrative response detailing any of Irigo's effort to sell products in the U.S." that you describe below would encompass such information. In addition, simply pointing to a mountain of accounting records in China in lieu of a narrative response without specifying in sufficient detail does not satisfy Rule 33(d)(1). IPPs request that Irigo provide a complete narrative response to Interrogatory No. 18.

Similarly, with regard to RFP No. 18, please confirm that Irigo will search for and produce documents relating to sales of Irigo's CRTs into the United States, including as part of CRT televisions/monitors manufactured by Irigo's customers, and including non-conspiratorial communications with customers regarding their actual or anticipated sale of CRT televisions/monitors containing Irigo's CRTs to the United States.

Please advise by COB on Monday, August 20th, if Irigo will agree to (1) provide the above narrative response to Interrogatory No. 18 and (2) search for and produce the above-referenced documents responsive to RFP No. 18.

Thank you for your cooperation.

Best regards,

Chris

**-EXTERNAL EMAIL-**

Chris – Stuart is tied up through early next week. I write in response to your email below.

The understanding that you describe below is not correct given our recent supplementary responses and Irico's obligations under Judge Walker's August 2 order. Irico will provide additional information and search for additional documents responsive to your requests in compliance with Judge Walker's order. Specifically:

- Irico will provide a narrative response detailing any of Irico's "efforts to sell products in the US during the class period"
- Irico will search for and produce any documents relating to sales of Irico CRT Products into the United States during the class period by any entity, whether or not that entity is related to Irico. This would include "non-conspiratorial communications with customers regarding U.S. sales".
- Irico will search for and produce "pertinent documents detailing the legal relationship of Irico" with any "exporter of Irico's CRT products into the United States."
- Irico provided on August 7 a summary of Irico Group and Display's accounting records held in their archives that are available for inspection. Those accounting records contain all available records of sales by Irico Defendants, whether domestic or export, during the class period and would contain any information Irico has responsive to Rog #18 for sales during the Class Period.
- In addition, Irico will be supplementing its Interrogatory responses to DPPs today to provide additional detail on Irico managerial personnel with knowledge of direct or indirect U.S. sales, if any.

If you have further concerns regarding the sufficiency of the above information, we are available to meet and confer next week to discuss.

Stuart –

Based on your July 30 correspondence and our August 3 meet-and-confer, we understand that, apart from “annual sales by type and size of CRTs”, Irico does not intend to provide documents and information regarding the identity of, channels of distribution, and other details regarding, the CRTs and CRT Products Irico produced, manufactured, sold, marketed and/or distributed during the class period, including information on CRT sales to customers who exported finished products to the U.S. IPPs’ Interrogatory Nos. 16-18 and RFP No. 18 specifically seek this and other information. In addition, please also note that responsive documents sought by RFP No. 18 include Irico’s non-conspiratorial communications with its customers regarding U.S. sales—documents we understand Irico is unwilling to produce.

If our understanding is incorrect on any of the above, and Irico does intend to provide fulsome and detailed responses to Interrogatory Nos. 16-18 and produce all documents responsive to RFP No. 18, please let us know today. Given the discovery schedule, IPPs can wait no longer on moving forward on a motion to compel related to these discovery requests.

Thanks.

Chris

Re: *In re CRT Antitrust Litigation*, case no. 3:07-cv-5944 SC

Dear Cadio and Joe:

Following up on our discussions with each of you, I enclose the Response of IRICO Group Corporation and IRICO Display Devices Co., Ltd. ("IRICO Companies") to Plaintiffs' Information Requests ("Response"). We are providing this information in connection with our discussions with you regarding the tolling agreement among the direct and indirect purchaser plaintiffs and the IRICO Companies. We believe the information provided confirms that the IRICO Companies should not be named as defendants in the consolidated complaints.

We have the following additional comments regarding the Response:

- (1) We understand from the IRICO Companies that they possess relatively little accessible information concerning their historical sales. IRICO has explained that some of the difficulties in more quickly gathering historical sales data resulted from multiple reorganizations over the relevant time period. As described in the enclosed Response, the most significant of these restructuring occurred in 2004 when a new subsidiary was formed to handle sales and export functions for all the IRICO Companies.

SUBJECT TO PROTECTIVE ORDER**

Joseph M. Patane, Esq.

- (2) We further understand that the overlapping nature of the IRICO Companies' business lines and problems in their record-keeping system also contributed to the delay in producing data. Economic conditions in general, and in the CRT business particularly, have also limited their available resources for information gathering. In responding to your questions, the IRICO Companies also relied in part on the recollections of salespersons responsible for the sale of CRTs.
- (3) With regard to sales to distributors or other third-party intermediaries, the IRICO Companies do not gather information from such customers regarding such customers' sales or distribution of IRICO CRTs or their integration of IRICO CRTs into other products. As such, the IRICO Companies lack information regarding the distribution of IRICO CRTs beyond their direct customers.

We understand that you will need some time to review the Response. We hope that you are agreeable to a further three-week extension of time regarding the IRICO Companies' response to plaintiffs' pending requests while you are conducting your review. Please confirm your agreement to such an extension for this purpose.

We would be happy to meet with you further if there are any remaining questions and to finalize the tolling agreement.

Very truly yours,

Joseph R. Tiffany II

**RESPONSE OF IRICO GROUP CORPORATION  
AND IRICO DISPLAY DEVICES CO., LTD.  
TO PLAINTIFFS' INFORMATION REQUESTS**

IRICO Group Corporation and IRICO Display Devices Co., Ltd. ("IRICO Defendants") provide the following information in connection with the discussions with interim lead counsel for the direct purchaser plaintiffs and the indirect purchaser plaintiffs regarding tolling agreements pursuant to which the IRICO Defendants would not be named as defendants in the consolidated complaints to be filed by plaintiffs later this year. The IRICO Defendants designate the information included in this response, the accompanying cover letter, and the attached export information as "Confidential" under the terms of the Stipulated Protective Order entered by the Court on June 18, 2008.

A. Background re IRICO's Manufacture and Sale of CRTs and CRT Products.

IRICO Group Corporation is the parent company of the following companies that manufactured and sold CRTs between 1995 and the present:

IRICO Color Picture Tube Plant  
IRICO Display Devices Co., Ltd.  
IRICO Group Electronics Company Limited (established in 2004)  
Xian Irco Display Technology Co., Ltd. (established in 2004)

Prior to the formation of IRICO Group Electronics Company Limited ("IRICO Electronics") in September 2004, IRICO Color Picture Tube Plant and IRICO Display Devices Co., Ltd. sold CRT products through the sales department of IRICO Group Corporation. IRICO Group Corporation exported products exclusively through China National Electronics Imp. & Exp. Caihong Co., an unrelated state-owned enterprise.

After its formation in 2004, IRICO Electronics handled all domestic sales and exports of CRTs for the IRICO Companies. For a short period of time during the transition of sales and exports from IRICO Group Corporation to IRICO Electronics, Xian Irco Display Technology Co., Ltd. also exported CRTs.

IRICO Group Corporation acquired a bankrupt enterprise in Xi'an, which was then renamed Xian Caihong Electrical Co., Ltd. This company manufactured CRT TV sets under the brand of "IRICO" from 1996 to 1999. These TV sets were only sold in China. Xian Caihong Electrical Co., Ltd. was dissolved in 1999.

B. The IRICO Companies' Foreign Customers.

The IRICO Companies have advised that complete historical customer data is not available. The IRICO Companies have been able to locate records of their CRT exports from 2000 to the present. Attached to this Response and incorporated herein is a spreadsheet containing the available export information. Please note that this export information has been translated from Chinese to English and formatted for your convenience.

**CONFIDENTIAL INFORMATION  
SUBJECT TO PROTECTIVE ORDER**

The spreadsheet of export information shows the quantities of units exported and the destination country together with the name of the exporting company. For records of 2005 and before, the export records show that China National Electronics Imp. & Exp. Caihong Co. was the exporting company. As described above, this is the state-owned enterprise through which the IRICO Companies exported products prior to the formation of IRICO Electronics. The available export records did not track the name of the customer that ordered the CRTs or the location of such customer. It should be noted that the "Company Code" column refers to the IRICO company that exported the CRTs, rather than the purchasing customer.

As the attached export information shows, between 2000 and 2008 the IRICO Companies made only two shipments of CRTs to the United States, totaling 2018 units. As described below, these units were only samples that IRICO planned to use to explore the potential for sales opportunities in the United States. They were never sold and were eventually shipped back to China. The IRICO Companies have never sold CRTs to United States customers nor exported CRTs to the United States at the request of any customer.

The IRICO Companies' foreign customers are as follows:

Turkey:	Vestel Elektronik Sanayi Ve Ticaret A.S. Arcelik A.S. Profilo Telra Elektronik San. Ve Tic A.S. Shov Elektronik Sanayi Ve Ticaret A.S.
Hong Kong:	Irisonic (H.K.) Co., Ltd. Centry Electronics Asia Co., Ltd. Hong Way Enterprise Limited
India:	Dixon Technologies (India) Pvt. Ltd. Salora International Ltd. L.B. Electronics Oscar Group of Companies Super Palstronics Pvt. Ltd Super Cassettes Industries Limited Mirc Electronics Limited (Onida) Videotex International Pvt. Ltd. Videocon Industries Limited PG Group Asia Lucky Industrial Limited Beltek (India) Limited Bharti Electronics Super Speed Limited (SGV)

Egypt:           Toyoichi Tsusho Co., Ltd.  
                    El Araby Co.

Argentina:       Newsan S.A.  
                    Radio Victoria Fueguina S.A.  
                    Ambassador Fueguina S.A.

Please note that it was not unusual for the IRICO Companies to ship products to locations other than the country in which the ordering customer was located. Thus, while the IRICO Companies' foreign customers were located in the six countries referenced above, the export information provided herewith shows that the IRICO Companies shipped products to several other countries at the request of their purchasing customers.

In response to the inquiry from counsel for the indirect purchaser plaintiffs, the IRICO Companies do not have any customers in Mexico. The IRICO Companies did, however, make shipments of CRTs to third-parties in Mexico at the request of a Hong Kong customer named Irisonic (H.K.) Co., Ltd. These third-party shipments to Mexico took place between April 2004 and October 2005 and consisted of a total of just over 100,000 units at a total sales price of \$2.3 million USD. There was also one shipment of a single unit, presumably a sample, in March of 2002.

C.     The IRICO Companies' Domestic Customers.

The IRICO Companies sell a high percentage (approximately 70 to 80%) of their CRTs in China. The IRICO Companies' CRT customers in China are:

1.    Sichuan Changhong Electric Co., Ltd.
2.    Konka Group Co., Ltd.
3.    TCL Corporation
4.    Skyworth Group Co., Ltd.
5.    Hisense Electric Co. Ltd. Qingdao, China
6.    Haier Electrical Appliances Co., Ltd.
7.    Xiamen Overseas Chinese Electronic Co., Ltd.
8.    Soyea Technology Co., Ltd.
9.    Yisheng Technology Co., Ltd.
10.   LG Electronics (Shenyang) Inc.
11.   Hangzhou Jinlipu Electrical Co., Ltd.
12.   Shenzhen Techtop Industrial Co., Ltd.
13.   Suntrue International
14.   Starlight Marketing Macao Commercial Offshore, Ltd.
15.   Hangzhou Huashan Electric Co., Ltd.

**CONFIDENTIAL INFORMATION  
SUBJECT TO PROTECTIVE ORDER**

D. The IRICO Companies Have Not Sold CRTs in the United States.

As stated above, the IRICO Companies have never sold CRTs to companies in the United States or shipped products to the United States on behalf of a customer. According to the spreadsheet of export information, 2018 units were exported to the United States in 2002. Those items were samples of CDTs (CRTs for computer monitors) that were intended to be used to test the market for IRICO CDTs in the United States. The CDTs were never sold in the United States and were eventually shipped back to China for redistribution to a customer in China. The IRICO Companies ceased manufacturing CDTs in 2002.

E. The IRICO Companies Have No Business Relationships With Any of the Other Defendants.

The IRICO Companies have never entered into any joint venture or other cooperative business arrangement with any of the other defendants named in the *In re CRT Antitrust Litigation*, nor have they sold CRTs to any of the other defendants. As noted above, the IRICO Companies have shipped a small number of CRTs as samples, not sales, to Semp-Toshiba S.A. and have sold CRTs to LG Electronics (Shenyang) Inc., in China, which we understand to be subsidiaries of defendants in this litigation.

F. Antitrust Investigations by Government Authorities.

The IRICO Companies have not received any notice of investigation, grand jury subpoena, or inquiries from the United States Department of Justice. In December 2007, IRICO Electronics received a notice of antimonopoly investigation from the Canadian authority and IRICO Group Corporation received a notice of antimonopoly investigation from the European Commission. We are confirming that no further inquiry was made or any action was ever taken against the IRICO Companies by the EU or Canada

件名: RE: 【重要】MTPDMQuotation for Hisense 21PF

Dear all ,

I just called to Mr. Tony Yuan to nego with him .

He said the total project is n=230k ( 14"R = 100k , 21"R = 85k , 21"PF = 45k ) .

This project was directed from Hisense USA and Hisense Qingdao have to reply the price to USA by this evening .

Actually Hisense already approached to Irico , BMCC , LPD & MTPDM .

Irigo & LPD already replied to them as a package price & committed US\$38 for 21"PF .

However BMCC is still no answer yet .

Tony Yuan said if we quote US\$38 , we only have 20~30% chance to get the business because we cannot offer as a package .

My opinion : It's really no chance to get business without US\$38 , The only chance is cooperation from BMCC .

## III Circuit working principle and functions:

1. Integrated circuit chip LA76814
  - a) This chip was created by SANYO in 1999. It is a NTSC-M system chip that integrated audio demodulator, filter, trap filter with the brightness delay line color decoder intermediate frequency filter. It is a highly integrated chip and yet has a well stability thus it requires less outer components for a color TV receiver. It also has the advance functions

of LA7687 and LA7688. It's a powerful chip and could be used in a wide range of circuits.

- b) This chip can accomplish the following tasks: graphic audio intermediate frequency amplifying, graphic demodulation, accompany audio intermediate frequency amplifying, graphic demodulation, video amplifying, color decoding and work as a frame and line pulsate. Graphic demodulation, accompany audio demodulation, and color decoding are done with PLL phase lock demodulation, thus raised the stability and reliability with great scale and black level extension function. Bus geometry graphic regulation and 12C bus control function is added to this chip on base of LA7687. The graphic performance is highly improved.
  - c) The field output circuit is SANYO LA7840 frame output circuit chip, which is specially designed for bus-controlled color TV Receiver. The advantage of this chip is a large output current with less outer component required. The retrace is done under the pump function of power supply. Through connecting with LA76814, it can accomplish the frame range, frame center, frame linear and frame S regulation controlled under 12C bus.
2. The power supply system of this model is a frequenting floating parallel switch voltage stabilizer circuit. It can carry out pulsate and switch output function. The circuit is a simple and stable one with a thorough protection system. In order to maintain a stable output voltage and to raise the power reaction speed, the circuit opts a feed voltage stabilizing control system-pick the main power supply and test it with a highly sensitive stabilizing test circuit and send the test result back. Then through the optical-electronic coupling, to the pilaster circuit and finally works to decide the on/off of the switch regulator tube after it has been regulated and amplified. It's an efficient way to get a fine control and a fast power supply reaction and the stability of the output voltage also improved. Further more, using the optical-electronic coupling in handling the DC feedback Signal is a safe function for it separates the primary and secondary output.
  2. The video amplifying output circuit incorporates a simple but efficient wide band amplifying circuit with a wide frequency band and high gain (RGB output range is beyond 100Vp-p). You can adjust the vertical and horizontal character during the compensation procedure of the amplifier's range frequency character by adjusting the resistor parallel and series to the capacitance to ensure a proper compensation.
  3. The audio signal, after demodulated by LA76814, is switched with the outer audio Input signal through the audio switch output from the 1st pin. This machine incorporates LA4225A, small, high signal/noise ratio, and high power output. It can out put audio signal over 3w+3w.
  4. CPU adopted for this machine is LC86F3348A, CCD and V-CHIP function enabled. 248 x 18 × 34 matrix OSD, 8 foregrounds and background color. The incorporation with al frequency 32.768KHz crystal pilaster and PLL phase lock technique results in lowest EMI. It can be connected to 3-bus control chips.

IV. Notes for using the machine

8. Remove the outdoor antenna connection during thundering weather.
9. Remove the power plug from the socket for long-term power failure or absence.

## WORKING METHOD OF HIGH VOLTAGE PROTECTION CIRCUIT OF TN201AUV CRT

### 1. The working method

The electrical level masters the high voltage control system of this model of the 34<sup>th</sup> pin of the main decoding chip—LA76814, when the 34<sup>th</sup> pin output High voltage, LA76814 cuts the line square-wave output on 27<sup>th</sup> pin, thus the line triode V432 holds, and the line output amplifier stops and generate no more high voltages. This process is divided by R412 and R416. If the divided potential still can break the stabilizer diode VD12, it will direct the work on the LA76814 and raise the potential on its 34<sup>th</sup> pin, thus run the high voltage protection process. The time constant function by C412 and R414 will give a delay to the high voltage protection circuit.

R471	Cement resistance	RX27-5W-3.9Ω-J	The potential on the collector anode of V432 is raised and its static working point is changed, which make the potential output of T471 rise and possibly will generate X-ray.	No bias level on V432, no switch signal outputs from V432, T471 does not work, no high potential generate and no X-ray exists.
R434	Oxide film resistance	RY17-2W-3.3KΩ±5%	The potential on the collector anode of V431 is raised and the static working point is changed, which make the potential output of T471 rise and possibly will generate X-ray. 	经营状况	彩电市场	用户信息反馈	行业动态
TCL	TCL 彩电销售总量上半年下降 7%, 为了扭转不利局面, 6 至 7 月份加大了彩电出口的力度, 并开辟了新的市场, 使得彩电海外销量 7 月份突破了百万大关, , TCL 海外业务现已超过国内业务;	1、TCL 8 月 11 日公告称, 子公司 TCL 多媒体已按此前与法国汤姆逊公司达成《换股选择权协议》的实施 ; 2、TCL 的平板液晶电视已全线登陆巴西,墨西哥,阿根廷等南美地区,并进入当地彩电销售的主流渠道。	1、TCL 关于泰国不良管的发运请确认: (1) 是否所有费用由彩虹承担; (2) 是否由彩虹指定代理并安排装运; 2 、14" (内销) 出现打火现象,已分别反馈一厂及售后进行对策分析。	
创维	创维上半年彩电生产主做高端, 其中纯平和大屏幕占比近一半, 然而, 现低收入层占比较大, 偏远地区对小屏幕彩电, 还有较大的需求潜力。最近对 21"FS 促销力度较大, 效果明显, 预计后期在农村彩电市场低价位的电视机需求量较大。	1、创维最近将目标瞄准农村市场, 本周将联手 CCTV 举行数场主题为“创维情·文化行”的系列文艺义演活动。该活动旨在扩大农村三四级城市和乡镇市场。此前, 创维还专门推出一系列针对农村消费人群的电视机。	1、创维 8 月份准备启动外协加工厂生产彩电, 现暂确定 4 家工厂; 2、处理创维提出的 21"PF 贴磁块影响生产问题: 经沟通后从两方面解决: (1) 创维对现有吸盘设施进行改进; (2) 彩虹对影响生产进行适当补偿 (待定)。
